

Shivansh Singh

Full Stack Web Developer

about

Web Developer with strong expertise in **React.js**, **Next.js**, and **Node.js**, focused on building fast, scalable, and **SEO-optimized** web applications. My strongest area is Next.js, where I specialize in **server-side rendering**, performance optimization, and modern full-stack development using the **MERN stack** and modern JavaScript technologies.

internship experience

Full Stack Web Developer

ABC Institute, Saharanpur

- Developed and maintained the official website for one of Saharanpur's leading coaching institutes.
- Built modern web applications using React.js, Next.js, and Node.js.
- Worked with multiple local businesses including Rapti Institute (30+ years old) to improve their online presence.
- Optimized website performance, SEO, and user experience.

Freelance Projects

Developed websites for local institutes and businesses including Rapti Institute (30+ year established institute).

Built full-stack web applications with frontend UI, backend APIs, and database integration.

Designed responsive websites and deployed them to production servers with hosting and domain configuration.

Helped clients improve their online presence and lead generation through modern web solutions.
